

TECHNICAL DATA (FF 0067-21900)

- Weight: 75 kg
- Height: 2100 mm with stand and lid open
- Dimensions: 724 x 791 x 535 mm
- Motor: 0,55 kW, 380 VAC, 50 Hz, 3-phase

FF CAN PRESS, ELECTRIC

“

Electrically working Can press presses cans of different sizes.

Pressing empty cans saves space and reduces waste handling fees.

Almost all cylindrical cans for food use are suitable for the Can press.

The maximum dimensions of the can are 23 cm in diameter and 30 cm in height.

Stand to be ordered separately.
