

TECHNICAL DATA (0076-400X / 0076-200X)

- Voltage: 200-400 VAC 50/60 Hz, 3-phase
- Power: 0,1-0,5 kW

FF MODULAR BELT CONVEYORS

“

The Forsfood modular belt conveyors are made according to the customer's needs.

The hoppers, conveyor sides, and flights are made to suit individual applications. Their structure complies with the regulations of the food industry. Safety, ease of washing, and maintenance have been taken into account in the design.

The modular belts are food-grade and easy to wash. The frame of the conveyors is entirely made of stainless steel. Ask for a solution to your conveyor needs.

Standard widths: 150 mm, 300 mm, and 525 mm
Standard lengths: 1 to 8 meters, in steps of 300 mm.
Maximum lifting angle-45 degrees.
We also manufacture conveyors for metal detectors.

Manufactured by Forsfood Oy
